Subject: Lab PMT - Information required by 4/11/11

Hi All:

I've been asked by Brian Putnam at OSD for a list of vendors that we would like to have on the next Lab Supply contract and the next Lab Equipment contract. Brian is being VERY lab-centric in this contract process. He is willing to add the vendors that we request regardless of the amount of money that we spend with the vendor over the period of the contract. (He is not placing the limitations that we've faced in past contract development processes on this one, which should result in better contracts.)

Below are the lists that I will provide to Brian. I am happy to add vendors that you suggest to these lists. Please use the following rule when adding a vendor to either list: if you can easily acquire the lab supplies or equipment from a distributor (VWR or Fisher Scientific), then do not ask that the vendor be put on contract. All lab supply and equipment vendors whose products cannot be easily obtained thru a distributor should be on the list.

LAB SUPPLY VENDORS:

VWR
Fisher
Government Scientific
Westnet
Sigma-Aldrich
Alltech

LAB EQUIPMENT VENDORS:

Agilent
Perkin Elmer
Applied Biosystems

Please respond to this request by 4/11/11, 5pm. I apologize for the short turnaround time... Give me a call if you have any questions.
